

Formerly Branded Vortec Pro®

APPLICATIONS

- Internal diameter cleaning
- Finishing metal surfaces
- Deburring machined parts
- Cleaning and reconditioning pipe threads
- Polishing, blending & finishing
- Surface prep for painting or plating
- Edge blending

Removing burrs from the I.D. of a cut tube.

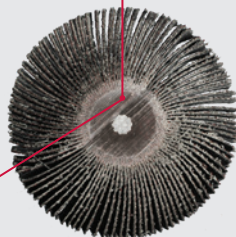

WORKS FASTER TO SAVE TIME

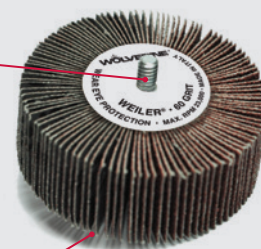

Star Shaped Stem
Provides greater strength and stability over the life of the product

Solid Hub Construction
Provides perfect balance for chatter-free grinding at a high RPM

Threaded Stem Option
Offers a quick no-tool release to save time during change overs

Spring Back Flaps Flaps engineered to "spring back" resulting in consistent grinding

GREAT PERFORMANCE AT A GREAT PRICE

Wolverine flap wheels offer a high cut rate at a cost-effective price. The smart option for use in medium production environments.

WOLVERINE 1/4" STEM MOUNTED FLAP WHEELS

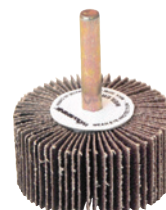

Aluminum oxide grain - For medium production environments and everyday use.
