

ASK THE EXPERT

Increasing Competitive Capability Through Process Improvements

Weiler Process Solutions (WPS) is a structured application engineering program designed to provide Weiler customers with engineering support to identify value added cost savings opportunities in their respective processes.

WPS is a comprehensive process where our expert application engineers access a specific process in order to identify improvement opportunities resulting in quantifiable cost savings.

WPS Benefits Include:

- Reduced cycle times
- Reduced consumable and tooling cost
- Reduce energy consumption
- Documented cost saving
- Elimination of process variability
- Elimination of bottlenecks
- Elimination of rejections and rework
- Reduced work in process
- Documented best practices
