

TIGER[®] STRIP DISCS INCREASE CLEANING EFFICIENCY **BY 50%**

CHALLENGE

A pipe cleaning facility needed **faster cleaning** without disrupting workflow and to **cut down on costs**.

SOLUTION

Tiger SiC tested head-to-head vs. current product under real conditions for speed, consistency and control using a Metabo 4.5 in. angle grinder on cold rolled mild steel pipe end cap couplings for 5 minutes.

RESULTS

\$13,723

in annual abrasive savings

50%

increased cleaning throughput

33%

fewer discs used
