# GET TO KNOW OUR SOLUTIONS

For our private label partners, we offer two performance levels:

+ value line intended for professional use, especially in the construction sector

++ performance line products for the most demanding users offering the highest quality, aggressive performance, and long life

## ENSURING SAFETY AND QUALITY

Weiler Abrasives produces abrasives that conform to the EN standards listed below. All products are manufactured in accordance with the ISO 9001:2015 quality standard and the ISO 14001:2015 environmental standard.

- EN 12413 – Safety requirements for bonded abrasive products
- EN 13743 – Safety requirements for coated abrasive products
-  – Safety compliance and testing according strict regulations

Weiler Abrasives produces its own fiberglass reinforcement which ensures the safety and quality of products.
