

# FLAP DISCS ALUMINA OXIDE

Weiler's coated abrasive flap discs grind and finish in one step, saving you time and money. There's no switching from a type 27 grinding wheel to a resin fiber disc.

## **PRO** PERFORMANCE LINE

Metalynx Pro flap discs are designed to deliver performance, consistency, reliability and quality when grinding and finishing metal. Aluminum grain flap disc provides consistent performance.

### **ALUMINA OXIDE (AO)**

- Single crystal that dulls during use
- Good initial cut rate
- Hard, durable grain

***BEST ON: Carbon Steel, Structural Steel, Iron and general purpose metal use***

**PRO ALUMINUM OXIDE** Flap Discs  
Aluminum oxide / Phenolic Backing

## STYLE / TYPE

### FLAT STYLE Type F27

Makes it easier to control grinding directions and is therefore suitable for edge treatment.

### CONICAL STYLE Type F29

Maximum aggression for fast stock removal. The angle provides greater surface contact for maximum stock removal.

## GRIT

Coarse Grit

Fine Grit
