

RAPTOR

GRINDING WHEELS FOR SAW BLADES

**Optimal solution
for effective
grinding of
band saw blades.**

VITRIFIED & RESIN BONDED GRINDING WHEELS

RAPTOR

ADVANTAGES:

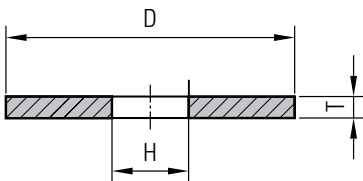

- excellent profile retention
- high cutting capacity
- no need for deburring
- repeatable high efficiency
- highest number of ground grinding teeth
- smooth and calm operation

APPLICATIONS:

For use on the following grinding machines:
Vollmer, Iseli, Alix, Shark, Armstrong, etc.

Grinding wheel 1ZG

D x T x H

D	T	H
200	6 to 14	20 to 40
250	6 to 14	20 to 40
300	8 to 22	20 to 76,2
350	8 to 22	20 to 127
400	10 to 16	20 to 127
