

PIPELINE GRINDING WHEEL

FOR BEAD GRINDING, TRANSITIONS & PIPE FACING

NEW: From the same company that brought you Tiger® Flap Discs and Roughneck® Stringer Bead Wheels comes the next innovation for Pipeliners.

Weiler's Pipeline Grinding Wheels are designed specifically for pipeline applications. Whether grinding a bead, facing the land, prepping transitions, or fabricating in the yard, this wheel is ready to work out of the box, delivering consistent, aggressive grinding throughout the life of the wheel, eliminating the need to chip it.

Superior life and grinding on the line and in the fab yard.

FEATURES & BENEFITS:

Do NOT Chip

(Operators will no longer feel the need to chip the wheel to get it to bite.)

Reduced Chatter

One Wheel for

GRINDING

NOTCHING

RISE'N GRIND™

PIPELINE APPROVED

We worked directly with Pipeline Welders and Helpers to design our new Tiger® Pipeline Grinding Wheels. They told us what they needed and we listened. They tested the wheels and we used their feedback to make them better, and we didn't stop until we had a design that exceeded all expectations.

Pipeliners spoke and we listened...

DO NOT CHIP

Hitting a grinding wheel to make it work is a waste of time, shortens wheel life, **but most importantly it's unsafe**. Tiger Pipeline Grinding Wheels are designed to work right out of the box and continue to dig in throughout the life of the wheel. Operators will no longer feel the need to chip the wheel to get it to bite.

ONE WHEEL FOR NOTCHING AND GRINDING

Regardless of what wheel you use, always look for angle of use markings to ensure safe and proper use. Unlike other pipeline wheels, Tiger Pipeline Wheels are designed to be used for both notching at 90° and grinding the land.

SUPERIOR CUT AND LIFE

A blend of zirconia alumina and ceramic grains bite into the bead and dig out the wagon tracks fast while the strong bond delivers long wheel life.

REDUCED CHATTER WHEN GRINDING

A unique bond formulation delivers reduced vibration for the entire life of the wheel for a better grinding experience.

TYPE 27 FOR PIPELINE

TIGER PIPELINE GRINDING WHEELS (AKA BEAD GRINDER GRINDING DISK)

MAXIMUM PERFORMANCE - CERAMIC INFUSED / Superior life and grinding on pipe

5/8"-11 Arbor

Diameter	Thickness	Grade	Max. RPM	Standard Pack	Item No.
